PUMPKIN TEE

Resize templates, if necessary, for extra small t-shirts.

BEFORE THE FUN BEGINS

- ◆ Please read all instructions before you begin.
- ◆ Abbreviations. "WOF" = 'width of the fabric'.
- ◆ Are you new to patchwork & quilting? There are many fantastic classes being run at your local patchwork and quilting store. You can also find fantastic step-by-step tutorials on the internet that will help you get started. This pattern is not intended to replace a class.
- ◆ **Requirements are based on fabric 115cm (44in) wide unless otherwise stated. Fabric requirements may differ from person to person due to cutting methods. If in doubt it is a good idea to purchase a little extra fabric.**
- ◆ Fusible webbing requirements will vary greatly between products and projects. Assume you will need a lot and go from there!
- ◆ 1/4in seam allowances are used throughout unless otherwise stated.
- ◆ Pre-washed 100% cotton fabrics are recommended.
- ◆ Press all seams towards the darker fabric or in the direction that creates the least bulk.
- ◆ Please refer to the photo of the project and the quilt diagrams to help with colour choices and layout.
- ◆ **I would recommend using an applique mat with all but the most simple applique shapes.**
- ◆ Our patterns are proof-read and made by our lovely testers but sometimes mistakes do slip by us. Please let us know if you come across an error so we can correct it.
- ◆ **Buttons and beads are NOT suitable for children under three (3) years of age due to them being a choking hazard. Please replace buttons and beads with applique or embroidery.**

HOW TO PRINT TEMPLATES FROM PDF PATTERN

- ◆ All of the templates are provided at their full size. Make sure that your printer is set to print at 100% with no scaling or cropping.
- ◆ Some templates are divided into two, or sometimes more, sections and will need to be joined to make the complete template. Simply match the shapes along the dotted lines, then use adhesive tape to stick them together.
- ◆ If you have any difficulties please contact me at my email address redbootquilts@bigpond.com and I will help you the best I can.

This design and its instructions, diagrams and templates are protected by copyright. They may not be reproduced by any process. If the project is being made by a group of crafters, each person is required to have purchased their own copy of the pattern. The instructions and information contained in this pattern is given in good faith, but no guarantee is given due to the fact we have no control over the techniques and materials used.

PUMPKIN TEE

What You Will Need

- ◆ (1) black t-shirt
- ◆ A scrap of bright orange fabric for the pumpkin
- ◆ A scrap of deep orange fabric for the hat-band
- ◆ A scrap of darkest brown-black fabric for the pumpkin's face
- ◆ Small quantity of Heat-n-Bond Soft Stretch Ultra
- ◆ (1) sheet of Deco Foil Transfer Sheets for fabric in 'Silver Star', and
- ◆ (1) sheet of Deco Foil Hot Melt Adhesive.
- ◆ A scrap of silver fabric for the hat if not using Deco Foil.
- ◆ (2) small black buttons for eyes (*optional*)

How to Make the Shirt (with the Deco Foil Hat)

1. Trace the pumpkin, face, and hat-band shapes from the template sheet onto the paper side of the Heat-n-Bond Soft Stretch Ultra using a sharp pencil; leave approx. 1/2in between each shape. When you have finished tracing, roughly cut out the individual shapes 1/4in outside the traced lines.

If you aren't using Deco Foil on your tee, please cut the hat shapes from the Heat-n-Bond Soft Stretch Ultra and discard the instructions for the foil.

2. Fuse the applique shapes to the wrong side of the fabrics you have chosen for the project following the manufacturer's instructions. Cut the shapes out carefully on the lines when cool to the touch. Remove the backing paper from the applique shapes as you go. Set aside.
3. Trace the (2) hat shapes (shaded on the template) onto the paper side of the Deco Foil Hot Melt Adhesive; leave approx. 1/4in between each shape. When you have finished tracing, carefully cut out the shapes **ON** the lines.
4. Use the template and the colour photograph as a guide to fuse the pumpkin, face, and hatband shapes to the t-shirt. Make sure you follow the manufacturer's instructions! Let cool.

5. Set your iron to medium heat, no steam. Place the hat shapes, cut from the Hot Melt Adhesive, in position on the t-shirt. Ensure the rough, adhesive side, is facing down. Cover the shapes with the parchment paper included in the product package.

Place and hold the iron on the parchment paper/adhesive for approx. 30 seconds. Repeat until the entire surface is fused. Let cool, then peel the backing paper from the adhesive.

6. Cut a piece of Deco Foil slightly larger than the hat. Place the foil, colour side facing up, on top of the adhesive design. Place the parchment paper over the foil.
7. Press the project slowly, using firm pressure for approx. 30—40 seconds. Allow to cool, then peel the foil transfer sheet away from the adhesive design.
8. Sew buttons to the pumpkin's face for eyes where indicated on the pattern template. Knot securely. Replace buttons with applique if necessary. Your shirt is ready to wear!

**** Thoroughly cover the adhesive paper and/or foil with the parchment paper otherwise your iron will melt the product and make a sticky mess!***

- ♦ *Washing instructions—hand wash and lay flat to dry.
You can machine wash using cold water and a delicate cycle. Do not iron!*

I like to use buttons on my projects but they aren't suitable for children under three (3) years of age due to them being a choking hazard.

Replace the buttons with appliqué when you are making the t-shirt.

The (2) highlighted hat shapes are cut from the Hot Melt Adhesive paper.
