The Red Boot Quilt Company

BEFORE THE FUN BEGINS

- ◆ Please read all instructions before you begin.
- ◆ Abbreviations. "WOF" = 'width of the fabric'.
- ◆ **Requirements are based on fabric 115cm (44in) wide unless otherwise stated. Fabric requirements may differ from person to person due to cutting methods. If in doubt it is a good idea to purchase a little extra fabric.**
- ◆ Fusible webbing requirements will vary greatly between products and projects; assume you will need a lot and go from there!
- ◆ 1/4in seam allowances are used throughout unless otherwise stated.
- ◆ Pre-washed 100% cotton fabrics are recommended.
- ◆ Please refer to the photo of the project and the quilt diagrams to help with colour choices and layout.
- ◆ **I would recommend using an appliqué mat with all but the most simple appliqué shapes.**
- ◆ Our patterns are proof-read and made by our lovely testers but sometimes mistakes do slip by us. Please let us know if you come across an error so we can correct it.
- ◆ This design and its instructions, diagrams, and templates are protected by copyright. They may not be reproduced by any process. The instructions and information contained in this pattern are given in good faith, but no guarantee is given due to the fact we have no control over the techniques and materials used. This pattern is not intended to replace a class.

A NOTE ABOUT BUTTONS

- ◆ I like to use buttons on my projects but they aren't suitable for children under three (3) years of age due to them being a choking hazard. Replace buttons with appliqué or embroidery when you are making the project.
- ◆ Safety eyes are available from all good craft stores. Always follow the manufacturer's instructions.

IMPORTANT! HOW TO PRINT TEMPLATES FROM PDF PATTERNS

- ◆ All templates are provided at their full size. Ensure your printer is set to print at 100% and deselect the scaling and cropping options. Ensure you deselect the option that says "print to printer margins".
- ◆ Some templates may be divided into two or more sections and will need to be joined to make the complete template. Simply match the shapes along the dashed or dotted lines as marked on the template, then use adhesive tape to stick them together. Occasionally a shape will distort a tiny bit in the printing process, simply adjust where necessary.
- ◆ All of our patterns are test printed multiple times before release. Very occasionally a PDF template will print with a **black background** due to differences between the various apps and devices we use. This can be solved in most instances by saving the PDF to your hard-drive, then re-opening the file using a PDF reader (not your browser). Please message me at redbootquilts@bigpond.com if you continue to have difficulties.

THIS LITTLE PIGGY BOM—MONTH #6

Approx. size block 17 1/2in x 17 1/2in

What You Will Need for Month #6

- ◆ Basic supplies from Month #1
- ◆ 15cm (1/8 yard) of aqua & white print fabric for the framing strips
- ◆ Scraps of assorted pink, yellow, brown, and purple solid or print fabrics for the applique
- ◆ Stranded embroidery thread for the stitched detail
- ◆ Matching thread to suit your favourite appliqué stitching method
- ◆ (2) medium black buttons for the big pig's eyes, and
- ◆ (4) small black buttons for the little pig's eyes (*optional*)
- ◆ Appliqué mat or Teflon sheet (*optional, but highly recommended*)
- ◆ General sewing supplies

Cutting Instructions

1. **You will need -**
 - ◆ (1) 12 1/2in x 14 1/2in off-white rectangle, and
 - ◆ (1) 2 1/2in x 14 1/2in coordinating rectangle for the background of the block (from Month #1).
2. **From the aqua & white print fabric, cut:**
 - ◆ (2) strips, 2in x WOF. Crosscut (2) 2in x 14 1/2in strips, and
 - ◆ (2) 2in x 17 1/2in strips for the framing strips.

How to Make Block #6

1. Use Diagram 1 as a guide to pin and then sew the 2 1/2in x 14 1/2in rectangle and the 12 1/2in x 14 1/2in rectangle together along the long edges. Press the seam open.
2. Pin and then sew a 2in x 14 1/2in aqua framing strip to the left and right-hand sides of the block. Press the seams outwards.
3. Pin and then sew a 2in x 17 1/2in aqua framing strip to the top and bottom of the block. Press the seams outwards.

4. Use a pencil to trace the required appliqué shapes onto the paper side of the fusible webbing—leave approx. 1/2in between each shape. When you have finished tracing, roughly cut out the individual shapes 1/4in outside the traced lines.
You will need to trace (1) large pig, (2) small pigs, (1) flower for the pig's hat, and the bunting.
5. Fuse the appliqué shapes to the wrong side of the fabrics you have chosen for the project following the manufacturer's instructions. Cut the shapes out carefully on the lines when cool to the touch. Remove the backing paper from the appliqué shapes as you go.
6. Use the templates and the colour photograph as a guide to fuse the appliqué to the background block, overlapping the shapes where necessary.

Do not applique the bunting to the blocks as yet, set it aside for use at a later time.

A Note About Buttons

I like to use buttons on my projects but they aren't suitable for children under three (3) years of age due to them being a choking hazard.

Replace buttons with applique or embroidery when you are making the quilt.

7. Stitch around the appliqué shapes using your favourite method. I stitched around my shapes using machine blanket stitch and matching thread. Use a light, sharp pencil to draw the features on the pigs then backstitch using two strands of embroidery thread. Set aside.
8. Congratulations you've finished Block Six!

*Leave at least 3/8in between the applique shapes and the left and right-hand sides of the background block.
The bottom of the applique shapes sit just above the seam line between the background fabric and the aqua framing strip.*

- *Little Pig and Bunting*
- *You will need to trace (7) bunting triangles.*

Tip!

The numbers represent the order in which the appliqué shapes are fused together.

- Big pig plus flower for his hat.

Tip!
Use a lightbox or sunny window to help trace the features on the appliqué shapes before you fuse them to the background block.
