1. Use a pencil to trace the appliqué shapes onto the paper side of the fusible webbing—leave approx. 1/2in between each shape. When you have finished tracing, roughly cut out the individual shapes 1/4in outside the traced lines.
2. Fuse the appliqué shapes to the wrong side of the fabrics you have chosen for the heart following the manufacturer's instructions. Cut the shapes out carefully on the lines when cool to the touch. Remove the backing paper from the appliqué shapes as you need them.
3. Use the template and the colour photograph as a guide to centre and fuse the appliqué to a 7 1/2in x 10 1/2in background block.
4. Stitch around the appliqué shapes using your favourite method. I stitched around my shapes using machine blanket stitch and matching thread.
