PAPER DOLLS SEW-ALONG—#7

How to Make Blocks 13 and 14

1. Trim the background blocks, where necessary, to measure 8in x 12in.
2. Follow the fusible applique instructions provided in Instalment #1 to complete the blocks, then set aside.

Diagram 1 ▼

- You don't need to blanket stitch the bottom edge of the shoes.
- The top of the girl paper doll's heads (crown of hair) are positioned approx. 1 7/8in down from the top of each block. The shoes are fused last, overlapping the legs where necessary to fit.
- The top of the boy paper doll's heads (crown of hair) are positioned approx. 1 3/8in down from the top of each block. The shoes are fused last, overlapping the legs where necessary to fit.
- Embellish the paper dolls as you wish. Sew a French Knot to their ears for earrings, stitch a bracelet, add buttons to their clothing. The possibilities are endless. Most of all have fun!

PAPER DOLLS—BLOCK 13

© Antonie Alexander, The Red Boot Quilt Company 2020

- Assemble the boy applique in (3) parts - the head/body first, the pool float, legs, and shorts next, and the feet/shoes last.

Tip!
The numbers represent the order in which the appliqué shapes are fused together.

- When all (3) sections are assembled, you can put them together to make a whole. The head/body is first, then place the pool float section in place. The arms overlap the edges of the float and the shaded tabs sit behind the body. The feet are fused last.

These (shaded) tabs sit behind the body shape.

The bottom of the body shape sits behind the float shape. It fits in the notched areas. You may have to snip the point of the notch to fit the body. Message me if you have any difficulties. xx

• *The templates are reversed for your convenience.*

Tip!
Use a lightbox or sunny window to help trace the features on the appliqué shapes before you fuse them to the background block.
